Proudly Serving Customers
Since 1958

Instrumentation & Control Valves for the Food & Dairy Industry

Formerly Taylor, Kent, Bailey,
Fisher & Porter, Sensycon

Flow Products
Pressure Transmitters
Analytical Products

Recorders and Controllers
Temperature Products
I/P's

Valtek Kammer

Control Valves and
Positioners

Calibration Gas, Precision
Mixtures, Cylinders, Regulators

Butterfly Valve
High Performance and Resilient Seated

ITT Neo-Dyn®
by Aerospace Controls

Pressure & Temperature
Switches

Signal Conditioners, Temperature
Transmitters, Digital Displays

Liquid and Magnetic Level Gages &
Level Control, Sight Flow Indicators,
Specific Gravity Analyzers

Pressure Gauges, Diaphragm Seals

INGOLD THORNTON

pH systems, Dissolved Oxygen,
Conductivity, Turbidity, TOC
Ultra Pure Water
Measurement Systems

Process Analytical

Analyzers for Process, Oxygen,
Combustibles, Natural Gas,
Sulfur, Petrochemical, Power,
Residual Gas, Opacity and CEMS

Flow, Level, Pressure & Temperature
Displays, Indicators, Totalizers,
Transmitter, Batch Controllers

sure cross
wireless network
Wireless Solutions

RTD's, Thermocouples,
Thermocouple Wire, Wells,
Temperature

Industrial Grade Gas Detection Systems

MILLTRONICS

Includes Moore, Danfoss and Omnex

Wireless Solutions
Pressure Transmitters—Gauge, Differential, Absolute
Temperature—Sensors and Transmitters
Flow—Magnetic flowmeters, Vortex, Clamp-on, Coriolis
Level—Ultrasonic, Radar, Capacitance, Hydrostatic,
Guided Wave, Mechanical
Positioners—Valve and Damper Actuators
Process Protection—Motion Sensing, Speed Switch
Analyzers—Paramagnetic, Laser, IR
Weighing and Feeding—Belt Scales, Dry Solids
Flowmeters, Weighfeeders

Self-Regulating Constant
Wattage Heating Cable
Mineral Insulated Cable

Hi-Flow Valves, Transmitters,
Gauges and Switches

Thermal Mass Flowmeters,
Flow & Level Switches,
Vortab Flow Conditioners

SIEMENS Industrial Solutions

Industrial Controls

- IEC Power Control
- * Contactors
- * Overload Relays
 - Thermal
 - Solid State
 - *Intelligent: SIMOCODE*
- * Motor Starter Protectors
- * Busbar System - Fast Bus

Solid State Relays & Contactors

Pilot Devices

Control Power Transformers

Relays

- * Control
- * Interface
- * Power
- * Timing
- * Monitoring
- Current, Voltage
- Insulation
- Power Factor

NEMA Control

- * Contactors
- * Non-Combination Starters
- * Manual Motor Starters
- * Reduced Voltage Starters
- * Solid -State & Thermal Overload Relays
- * Pump Controls
- * Lighting & Heating Controls

Micro Automation Solutions

- * Industrial DC Power Supplies
- * 24VDC Power Security Solutions
- * SIMATIC S7-200 Micro PLC
- * LOGO! Intelligent Rel

Solid State Soft Starters

SIEMENS Automation Solutions

Automation Solutions

Programmable Logic Controllers

- * SIMATIC S7-1200
- * SIMATIC S7-300
- * SIMATIC S7-400

Human Machine Interface

- * Touch Panels (up to 15")
- * Graphic Displays
- * Text Displays
- * Pushbutton Panels

Industrial Computers

- * Panel Style
- * Rack Style
- * Box Style

Factory Automation Sensors

- * Inductive (BERO)
- * Ultrasonic (BERO)
- * Capacitive (BERO)
- * Photoelectric (BERO)
- * Optical Safety Products (SIGUARD)
- * SIMATIC Machine Vision
- * SIMATIC RFID/MOBY

Access Power Monitoring

- * Ethernet / Modbus / Profibus Meters
- * Monitoring and Control Software

Variable Frequency Drives

- Standard Drives
- * MM4 MICROMASTER (1/6 – 350 HP) 1-phase or 3-phase
- * SINAMICS G110 (1/6 – 4 HP)
- * SINAMICS G130/G150 (150 – 800)

Power Distribution

- Circuit Breakers
- * Molded Case
- * Insulated Case
- * Power Circuit Breakers

Motor Control Centers Panelboards / Switchboards Heavy Duty Safety Switches Busway
