

Engineering & Equipment Co.

QUALITY, SERVICE, AND EXPERTISE
SINCE 1958

We engineer your success!

PUMPS, VALVES & PROCESS EQUIPMENT

- Warman®, Galigher®, Floway®, Hazelton®, GEHO®, & Mutoflo® pumps
- Cavex®, Hydrocyclones, Linatex® hose & rubber products
- Enduron® high pressure grinding rolls
- Vulco® mill liner systems
- Gemex™ belt tensioners
- Isogate® valves
- Isodry™ centrifuge, filter press & thickeners

Severe service knife gate, double block and bleed, through gate, transmitter isolation, soft start paste & check valves for zero-leakage protection
MADE IN THE USA

- Industrial fans, blowers, dampers, & exhausters
 - "Custom built to your standards, over-built to ours"
 - On-site emergency repair and service regardless of brand.
- MADE IN THE USA**

- Process pumps
- Vertical turbine, & horizontal split case pumps in single & multistage configuration

Rugged & economical agitation equipment for high production industrial applications

Flowrox™ brand of peristaltic, progressive cavity & dosing pumps

Industrial strength submersible pumps

Experts in screening, weighing, & feeding, including the **Raymond®** brand dry & wet mill

The industry leader in application specific water heating & chilling systems, steam generators, pressure washers, steam cleaners & related custom equipment

Flotation, sedimentation & filtration equipment including the **Dorr- Oliver** & **Eimco** brands

High quality & low maintenance industrial air compressors

EXPANSION JOINTS & SEALING PRODUCTS

- Mechanical seals for pumps
- Agitator seals
- Compressor seals
- Expansion joints & penetration seals for power generation, including turnkey installation services

Innovative bearing protection & product sealing technology

BULK MATERIAL HANDLING

- Motorized pulley systems for bulk handling, food processing & unit handling
- Conveyor idlers & rollers for all applications.
- "The only motorized pulley you'll ever need"

Gorilla tough custom molded rubber products featuring rubber-ceramic, haul truck, chute & inflatable liners. Including **GRT Rubber**, a full line of heavyweight conveyor belt products

A complete line of 100% solids crusher backing products

GEARING

The most innovative gearbox manufacturer & repair facility in the United States. Featuring the big unit line of gearboxes, cost effective touch grinding services, emergency repair capabilities & your single source for virtually any industrial drive component
MADE IN THE USA

- Non-destructive analysis of mill & kiln girth gear teeth
- ASTM E2905 mill & girth gear experts

Open gear cleaning products & services for rotary kilns & grinding mills

Engineering & Equipment Co.

QUALITY, SERVICE, AND EXPERTISE
SINCE 1958

We engineer your success!

LUBRICATION

- High viscosity residual & synthetic open gear lube for kilns, mills, shovels & draglines in all weather conditions
 - High performance synthetic PAO & EP mineral enclosed gear oils
 - EP lithium complex grease products with molybdenum
 - Spider bushing crusher lube
- MADE IN THE USA

Industrial lubrication solutions, systems & products including the **Alemite** brand

Industry leading family of brands in lubrication including **Bijur, Delimon, Farval® & Lubesite®**

Designing & building modern lubrication equipment & systems

POLLUTION CONTROL

Dust suppression & control specialists - featuring dry fog, Dust Tamer™ Wind Fence & NESCO Water Spray Systems to control fugitive dust

Air pollution control experts: wet scrubbers, cyclone cluster, gas absorbers & more

Experienced manufacturer of air pollution equipment

INSTRUMENTATION & HEAT TRACE

Includes Milltronics, Controlotron, Moore, & Danfoss

Analytical instrumentation for pure water/pharma & industrial process applications

Electric & steam heat tracing cables, systems & accessories

JASPER SERVICES

- Engineering & design services
- Pump, gearbox & equipment repair
- Instrumentation services
- Lubrication services
- Rubber applicator shop
- Thermal imaging services
- Training
- System troubleshooting
- Authorized repair center & stocking distributor
- Pick up & delivery services
- On-site field service
